

Rainforest Fund • Corporate Donations

Corporate Donations' Impact • Through the Years

A corporate donation to the Rainforest Fund signals to your employees and clients that you value human rights, the environment, and our collective future. Over the past 28 years, corporate support has enabled the Rainforest Fund to host 18 star-studded concerts and galas at Carnegie Hall, raising about \$40 million and to finance projects across the globe, including a project that enabled 5 young indigenous teenagers to follow their dreams of attending university in Peru. Rainforest Fund is interested in strong, reciprocal relationships and to work with corporate partners to advance their goals and strategies.

This form is the first step in building a productive, mutually beneficial relationship for the advantage of future generations!

Interested in Supporting Rainforest Fund?
